I'm especially impressed by the size and strength of the quartet field this year. It's exciting to see such enthusiasm and participation—it speaks volumes about the vitality and passion within our community.

Whether you're here to compete, learn, or simply enjoy the music and camaraderie, we're glad you're

part of it. Sit back, take it all in, and enjoy a fantastic event!

Adam Kaufman

Convention Co-Chairman

FWD President/Events Director

Welcome to the 2026 FWD Southern Divisions and International Preliminary Convention at the fabulous Fox Theatre in Riverside, California!

As co-chair along with Adam Kaufman, it is my great pleasure to have you here with us at this incredible gathering of talent and creativity. Whether you're a first-time attendee or a veteran competitor you'll find there are plenty of opportunities to learn, connect, and have a great time throughout the weekend.

Check out the Harmony Platoon, which makes its debut here this weekend, and join us Saturday morning for the Everyone Welcome Chorus under the direction of Alan Gordon. Cap off a great evening at the "Cast Party" afterglow, schmoozing and singing tags 'til the wee hours, and earn the coveted "Last Ones Standing" honors for Riverside26!

Many thanks to the Masters of Harmony for hosting this event. We hope you leave the convention having enjoyed musical excellence, great memories, and making new friends. Let's make this a fun weekend full of love, and joy, and "Keep the Whole World Singing!"

Everyone Welcome Chorus

As the name implies, everyone is welcome to participate as the Mic Testers for the chorus contest. You do NOT need a competitor registration to participate.

Our Southern Divisions 2026 Chorus Director is **ALAN GORDON**.

Director **Alan Gordon** is a "barbershop brat," having been introduced to the avocation through the involvement of both parents in San Jose, California. With music in the family room almost every night, it wasn't a surprise that he was harmonizing with his sister at age 5. That early start has imbedded in Alan a vocal flexibility that allows for chameleon-like blending through a wide range.

After moving to Southern California, Alan joined the **Masters of Harmony** in 1996, led the chorus in various positions including baritone section leader and assistant director, and won two International quartet championships – **Gotcha!** in 2004 and **Masterpiece** in 2013.

Alan directed the **Verdugo Hills Showtime Chorus** (VHSC) in 2000.

Alan and his wife, Cyndi, live in Fullerton with their daughter, Molly.

The songs he has selected for the Everyone Welcome Chorus are:

- **The Story of the Rose (Heart of My Heart)**
- **Sweet and Lovely (That's What You Are to Me)**

There will be an all-chorus practice on Saturday morning before the chorus contest. See the convention program/schedule for time and location.

Determining Relative Rank

Music

Music is defined as the song and arrangement, as performed. The Music Category judges the arranger's skill and the performer's musicianship in bringing the mood or story of the song to life, and the suitability of the material to the barbershop style.

Performance

These judges evaluate how effectively a performer brings the song to life. They judge the entertainment value of the performance — the art of the performance.

Singing

In the Singing Category, artistic singing in the barbershop style is judged — listening holistically for ringing in-tune voices that use a free, beautiful and rich vocal quality, which is wonderfully unified and vocally expressive.

Each judge may award up to 100 points per song.

Read more about each category in-depth at barbershop.org/contests

Definition of the Barbershop Style

Barbershop harmony is a style of unaccompanied vocal music characterized by consonant four-part chords for every melody note in a primarily homorhythmic (the same word sounds at the same time) texture. The melody is consistently sung by the lead (second tenor), with the tenor (first tenor) harmonizing above the melody, the bass singing the lowest harmonizing notes, and the baritone completing the chord. Occasional brief passages may be sung by fewer than four voice parts.

Barbershop music features songs with understandable lyrics and easily singable melodies, whose tones clearly define a tonal center and imply major and minor chords and barbershop (dominant and secondary dominant) seventh chords that often resolve around the circle of fifths, while also making use of other resolutions. Barbershop music also features a balanced and symmetrical form, and a standard meter. The basic song and its harmonization are embellished by the arranger to provide appropriate support of the song's theme and to close the song effectively.

Barbershop singers adjust pitches to achieve perfectly tuned chords (instead of tempered tuning like the piano) in just intonation while remaining true to the established tonal center. Artistic singing in the barbershop style exhibits a fullness or expansion of sound, precise intonation, a high degree of vocal skill, and a high level of unity and consistency within the ensemble. Ideally, these elements are natural, not manufactured, and free from apparent effort.

The performance of barbershop music uses appropriate musical and visual methods to convey the theme of the song and provide the audience with an emotionally satisfying and entertaining experience. Barbershop singers traditionally do not hold sheet music. The musical and visual delivery is from the heart, believable, and sensitive to the song and its arrangement throughout. The most stylistic performance artistically melds together the musical and visual aspects to create and sustain the illusions suggested by the music.

Barbershop can be performed in quartets as well as choirs, and can be found all over the world in male, female, and mixed ensembles.
